Cloverdale Bank Is Celebrating Its 50th Anniversary

The First National Bank of Cloverdale is celebrating its 50th year as a National Bank, its Charter being granted by the Comptroller of the Currency on December 18, 1913.

The assets of the old Cloverdale Bank were taken over by The First National Bank with some fourteen community leaders purchasing the initial stock. Preliminary organization work was begun in October 1913 and the original properly elected directors were: Abe Cohn, J. W. Croxton, Melvin Rogers, G. B. Rockwell, E. M. Hurst, W. E. Gill and D. V. Moffett.

D. V. Moffett was the first President of the Bank and O. V. Smythe, the original Cashier. Mr. Moffett served as President from 1913 to 1931 and, except for a short period of time, Mr. Smythe served as President until his retirement in 1951, due to ill health.

D. W. Smythe served several years as Cashier of the bank as did Mrs. Mollie B. Linley. The latter devoted some 33 years of valued service.

The resources of the bank were slightly over \$100,000.00 as it emerged as a National Bank and by 1929 had grown to have totals of \$294,000.00. The bank survived the ordeals of the depression with sound management and has enjoyed continued growth ever since. At the present time, the resources have just passed \$3,000,000.00.

Over the years, the First National has made every effort to keep pace with changing times. Installation of modern systems and equipment to permit the bank to provide up-to-date accommodations for its customers is the constant thinking of the Board of Directors and management. The Directors and Officers are cognizant of the continued loyalty of its stockholders and the customers fine patronage. All at First National are grateful for this fine confidence in our institution. Without this, our growth would have been questionable.

The present list of stockholders number forty, which makes this truly a community bank. Present Directors are, Wm. R. Langdon, Glee Truesdel, H. H. Smith, E. L. Smiley and O. B. Foster and the Officers are, O. B. Foster, President; Wm. R. Langdon Vice President, and E. L. Smiley, Cashier. Staff members include, Mrs. Garwood Fraizer, Mrs. Fred Sargent, Mrs. R. V. Murphy, Mrs. Samuel Conner, Mrs. Wayne Branneman and V. O. Mann.

Dinner Held By Cloverdale Post

Members and their families of Hurst-Collins American Legion Post 251 of Cloverdale enjoyed a dinner at the Post Home last night. The dinner was in honor of the Past Commanders and Adjutants of the Post. Following the dinner, Lloyd Vaughn, Commander of the Post, introduced William Thomas, Legion State officer. He spoke on membership and stressed the importance of keeping the Post interested in State, National and local affairs.

Francis P. O'Brien, Commander of the Greencastle Post was in attendance and was called on to present the trophy for one hundred percent membership to Forest Williams, membership chairman of the Post.

The Cloverdale PTA was also recognized and thanked for preparing and serving the dinner.

Military Funds Cut By Nikita

MOSCOW UPI — Premier Nikita S. Khrushchev has ordered a cutback in plans for the nation's iron and steel industry to provide funds for the buildup in the chemical industry and farming, economic experts said today.

The Supreme Soviet today continued its debate on the budget and economic plan for the next two years. The parliament was expected to adopt both with only minor changes Wednesday. Khrushchev also provided for a \$660 million cut in military spending to help finance the seven-year crash program to develop the chemical industry and solve the chronic farm shortages with chemical fertilizers.

But he warned Monday night that despite these projected cuts and his policy of peaceful co-existence with the West, Soviet military forces will remain strong. In a statement at a reception for Czech Communist leaders, Khrushchev said:

"We are realists and we see perfectly well that there exist forces quite substantial... which are not adverse to starting on the road of new military adventures. That is why we remain vigilant."

In Paris, NATO planners said serious economic troubles were behind the Soviet military cuts. They predicted further cuts, but said the reductions promised do not mean a sizable change in Soviet defense plans.

It was stressed that the Soviet defense budget was raised by 50 per cent only three years ago.

Allied diplomats at the NATO council meeting expected the Soviets to exploit the reduction in forthcoming disarmament talks and to demand equivalent Western cuts.

The diplomats welcomed the gesture but pointed to similar Western economy moves. They also noted that when compared to the total of Soviet military spending — both budgeted and in camouflage in other categories — the cut is modest.

Observers here took note of the fact that the Supreme Soviet session thus far have been the least belligerent in years. They expected the military cuts to be used in a new Soviet peace offensive.

TAMPICO, Mexico UPI — Police searched the shores south of here today for the missing four-man crew of the 60-ton ship Oro Becerro, found wrecked at nearby Azul Beach.

Then he reached into a box of cigars and pulled one out. "I'm not scared of dying, but I'm scared of lingering on," Reynolds said between puffs.

9 Miners Perish In Utah Blast

MARTIN, Utah UPI — Methane gas and coal dust, possibly ignited by a spark, was blamed today for a searing explosion that killed nine miners and turned a "model coal mine" into a "black and dusty hell."

Ten miners survived the explosion that rumbled through a drift a half mile underground in the Carbon Fuel Co.'s No. 2 mine Monday. Only one of the survivors was injured.

Jesus Nunez, 45, received severe lacerations, multiple contusions and suffered from shock. He was in fair condition in a hospital at Price, Utah—a short distance from the disaster scene.

State and federal investigators moved into the blast-ravaged mine today, attempting to learn the definite cause of the violent explosion. They agreed on the gas-dust factors, but were unable to pinpoint the source of the spark.

Gov. George Clyde ordered an investigation immediately following the mine disaster, the second to strike Utah in less than four months.

The bodies of the victims, all from Utah, were hauled to the surface Monday night and taken to a mortuary in Price.

The victims were: Andy Juvan, 42, Spring Glen; John Senechal Jr., 32, Kenilworth; Victor Fossat, 47, Ben Valdez, 39, and Ben Montoya, 40, all of Helper; Gerald Nielson, 43, of Fairview; and Mike Ardohain, 38, Archie Larsen, 40, and Heino Linn, 38, all of Price.

State Industrial Commissioner Casper A. Nelson said gas and coal dust probably were ignited causing the explosion. Nelson flew 200 miles southeast from Salt Lake City to the mine disaster scene shortly after the blast and he spent the night in the area. Clyde also dispatched state Mine Inspector Otto Welser to the mine.

"It would appear that any part of the penalty in excess of that is illegal," said Smith, who ordered Hobbs' release.

Bond was set at \$10,000.

Says Fidel Has Soviet Rockets

MIAMI UPI — A Cuban refugee reported Monday he saw a Russian convoy of trucks and trailers transporting what appeared to be huge rockets on a highway in Cuba.

Ignacio Bladeres, 21-year-old skin diver, said the "cylindrical objects" aboard the vehicles were covered with canvas but they "certainly must be rockets... and really big ones."

Bladeres, who fled the Communist island with three friends was picked up by an American oil tanker when the refugees' small boat sank about 15 miles off the Florida coast. Fifty three other refugees arrived here from Cuba over the weekend.

Several Cuban fishermen said Soviet captains are in command of a number of the more than 200 patrol boats in Premier Fidel Castro's coastal navy.

"They have to use interpreters to give orders," said one refugee, the captain of one of two vessels which fled Cuba together.

"There are many Russians still in Cuba, at least several thousand, I would say," he said. "There are also a lot of Chinese who are supposed to be technicians."

Many of the refugees were youths fleeing Castro's new compulsory draft law for all males between the ages of 16 and 44. They reported that house-to-house surveys made it "virtually impossible" to avoid registering for the draft which, they said, already has signed up more than 1 million youths and men.

Jesus was born in Bethlehem (2), baptized in the Jordan (3), began His early ministry in Capernaum (4), revealed His first miracle at a wedding feast in Cana (5), revealed in Caesarea Philippi (6) His plans to establish a church, underwent a transfiguration on Mount Tabor (7), restored a blind man's sight in Jericho (8), was crucified in Jerusalem (9) and appeared before followers on road near Emmaus (10) after His resurrection. Pope Paul will visit the region in January.

Turkey Talk

DEMOTTE, Ind. UPI — We talked turkey with John Eylander, who raised 24,000 of the holiday birds this year on his Turkey Grove Farm two miles east of DeMotte.

Eylander, who has operated turkey farms for 25 years, said:

—Turkey prices this year will be about the same as last year.

—Turkeys are not cowardly, as has been charged neither are they dumb. Instead, they are conservative and cautious. They balk at being driven, but will follow someone they know when he leads them.

—The big birds on his farm are produced mostly by artificial insemination. His breeding flock includes 2,000 hens and 200 toms.

—Each gobbler has a number, illustrating a trend that is extending among human beings.

—Turkeys are rather delicate and are vaccinated against cholera and other diseases, and also receive antibiotics treatments.

—They are well fed with a mixture of corn, soybean meal, meat scraps and milk.

—Hatching eggs are nearly twice as large as eggs of chickens and sells for 25 to 30 cents each.

70 Pass Up Escape Chance

SAN MATEO, Calif. UPI —

San Mateo county Sheriff Earl Whitmore announced proudly Monday that 70 inmates at the county honor camp have proven they know the meaning of the word "honor."

Whitmore said he planned to review the sentences of all 70 to determine if "some paroles might be in order."

The sheriff said early Saturday morning the 70 inmates were filing out into the chill air for muster, when deputy Owen Bell—the only officer at the camp between midnight and 8 a. m.—fainted and struck his head on the pavement floor.

Bell, 30, was carrying the keys to all the remote Laguna Honda camp's facilities, plus the keys to three vehicles at the camp.

However, three of the prisoners ran to the camp radio to inform the sheriff's office to Bell's

collapse, a few others gave emergency first aid to the deputy, and the rest went about their regular work assignments.

None of the prisoners attempted to escape.

Sure Fire Play

Beats Everything

By Alfred Sheinwold

About two thousand years ago the Greeks decided that the whole is greater than any of its parts. This means that a play that works one hundred per cent of the time is better than one that works only ninety per cent of the time.

East put up the king of clubs at the first trick, and South won with the ace. He led a diamond to dummy's queen and then cashed the ace of diamonds. West's heart discard gave South something to think about.

He led a small heart from dummy, losing the ten to West's king. West cashed the queen of clubs and led another club to South's jack.

Now South led a diamond to

dummy and returned the jack of hearts for a finesse. Naturally, West took the queen of hearts and the rest of his clubs, defeating the contract.

UNNATURAL PLAY

South could have made his contract by unnatural play if he had seen all of the cards. When South led the third diamond to dummy West had to discard a low spade as calmly as possible. If South had only known, he could have taken three spade tricks, forcing West to discard once more.

There was no need for South to guess or rely on finesesses or suit breaks. He could have guaranteed his contract against all possible misfortunes by playing the diamonds correctly.

After winning the first trick with the ace of clubs, South should lead the ten of diamonds and let it ride for a finesse. If the ten wins, well and good. If it loses, South can still be sure of the remaining four diamond tricks.

South can be sure of his contract with four diamond tricks, since he can easily win two spades, two clubs, and one heart. As the Greeks discovered so many years ago, there's nothing like a sure thing.

DAILY QUESTION

Partner opens with one heart, and the next player passes. You hold: S-Q 7 2 H-Q 4 2 C-Q 9 7 6 5. What do you say?

Answer: Bid two clubs intending to raise hearts at your next turn. The idea is to invite game, without demanding it. If you

have a conservative partner, bid three hearts to make sure of getting to game.

Hearings Start In Baker Probe

WASHINGTON UPI — The Bobby Baker investigation comes out into the open today with the widow of the resigned Senate official's former partner as the first witness at a public hearing.

Mrs. Gertrude C. Novak, whose husband, Alfred S. Novak, was a partner with Robert G. Baker in construction of a plush Ocean City, Md., motel, was called to testify by the Senate Rules Committee. The hearing was to be televised live to the nation.

Baker resigned his \$19,600 job as Senate Democratic secretary on Oct. 7 after a burst of publicity about his many outside business activities. The rules committee was directed by the Senate to investigate the business deals of past and present Senate officials and any "conflict of interest" that might be involved.

A Tip from McBip

ARE YOU SATISFIED WITH THE ANSWERS YOUR PRESENT AUTO POLICY GIVES

TO THE FOLLOWING QUESTIONS

Q If your auto is damaged in a collision, how much of the repair bill will you have to pay — 50 dollars? 100 dollars? or more?

A 90% of all Farm Bureau Insurance drivers are protected by our famous 80-20 coverage. You pay only 20% of the loss—even if it costs only one dollar. We pay 80% of each loss up to \$200, and 100% of the loss above that.

Q Does your present automobile medical coverage pay a death benefit as the result of an injury? If it does, is the benefit limited to funeral expense?

A Farm Bureau Auto Insurance pays death benefits for you, for your family, and for anyone else who may be injured while riding in your car, providing your medical expense has not already exhausted the limits of the coverage.

Q How much time do you have to report the purchase of a new or second car, before you lose the automobile protection you now have?

A Farm Bureau Insurance allows a full year's protection on a newly purchased car that replaces your present one... 30 days on a second car, before reporting.

Q Does the property damage liability coverage on your present auto policy give you enough protection?

A If you are now carrying only \$5,000 of property damage liability, Farm Bureau Insurance will double your protection in most instances — for about one dollar per year more.

Available through

Thrifty McBip

Auto premiums may be paid annually, semi-annually—or you may use the Thrifty McBip plan which allows you to lump all your Farm Bureau Insurance together, and pay for it in regular monthly payments that are easy on your budget.

Senators Ponder
Foreign Aid Cuts

WASHINGTON UPI — Administration forces pinned their hopes on the Senate Appropriations Committee today to restore at least part of deep House-voted cuts in foreign aid funds.

The Senate Committee sched-

uled a closed session this afternoon to consider the \$2.8 billion foreign aid money bill approved by the House Monday, 249 to 135. The bill is \$1.7 billion less than the late President Kennedy asked and \$900 million below the authorization bill passed by Congress.

Senate Democratic Whip Hubert H. Humphrey, Minn., a committee member, voiced hope for a possible Senate figure of \$3.2 billion. This would allow House and Senate negotiators to compromise on about \$3 billion, about the best that President Johnson could expect.

Johnson issued a statement Monday night saying that any cuts beyond the \$3.6 billion for-

eign aid program authorized by Congress would represent "a policy of weakness and retreat" that would endanger U.S. security.

BANK IS ROBBED

ANDERSON, UPI — The east-side branch of the Citizens Bank Co. was held up by a gunman today who escaped with a white paper bag filled with an undetermined amount of money.

Authorities said the bandit, armed with a pistol, forced bank employees to stuff his bag with money ranging from \$5 to \$20 in

denominations in addition to some change.

State Police said the man escaped in a gold-colored, late model convertible.

The holdup occurred at mid-morning.

Roadblocks were set up immediately, police said, and a State Police plane also aided in the search for the bandit.

Elderly Widow Beaten To Death

RICHMOND UPI — An elderly widow was found beaten to death in the basement of her home Monday night with a potato masher and a wooden mallet.

The two blood-smeared instruments were found nearby.

Authorities said the clothing of the victim, Mrs. Bertha L. Richter, 82, was torn, indicating she struggled with her assailant, but they said she was not sexually

assaulted. There were no clues to the slaying, police said, adding apparently nothing was taken from the two-story brick house, which Mrs. Richter occupied alone.

Snow fell during the night at Syracuse, N.Y., adding to the 14 inches that fell Monday. As much as a foot of new snow was forecast in western New York.

Three elderly men died of apparent heart attacks Monday while shoveling snow in Syracuse.

The hard freeze aggravated the drought problem for Wilmington, Ohio, where a six-inch pipeline used to carry water from a lake five miles from town

was frozen solid. Water consumption has been restricted.

MANY TREATED

INDIANAPOLIS UPI — Governor Welsh Monday reported that about 7,400 men and women have voluntarily committed themselves for treatment of alcoholism during the 10 years Indiana has offered such treatment at its mental hospitals.

He praised the Indiana Division on Alcoholism of the Department of Mental Health as "a leader among 40 states that now have programs to attack

this major public health program."

However, Welsh said much more remains to be done. He cited figures showing there are at least 100,000 alcoholics in Indiana. Currently out-patient clinics are operated for alcoholics in Indianapolis and Gary, and treatment for men only is available at Logansport and Madison.

20 COUNTS of conspiracy and fraud face Earl Belle, 31, Pittsburgh, as he rides in a rain-spattered auto from the airport in New York. He fled the U.S. in 1958, and has been living in Brazil.

Old Gold Bows To Ohio Squad

Major basketball power, Miami University, whipped DePauw last night in Oxford, Ohio, 79-68.

Held in tow for nearly the first 30 minutes, the skyscraping Redskins broke out of a fairly tight ball game with five straight points that moved the count to 59-44 with 10:43 to play.

In the last three minutes DePauw chopped the score to 73-62 but couldn't get closer.

DePauw had its last lead in the tilt at 20-18 with 8:49 to play. The Tigers had overcome 8-2 and 17-12 margins to climb on

top.

Miami, mainly on a .537 shooting average, led at the half only 39-31. The Redskins finished the evening with only one more basket than DePauw and shot 492 on 31 of 63.

DePauw which was led by Jim Callane and Dean Rush with 15 points each, saved its gun fire for the last 20 minutes when it hit 17 of 30 for .566. For the game it went 30 of 63 for .476.

Ten players saw action for DePauw and nine scored, including 14 by Bruce Osborne who was replaced in the starting lineup by Mike Fehling.

Miami's top scorer was Jeff Gehring with 27.

Uncle Held In Niece's Slaying

MICHIGAN CITY UPI — A woman was beaten to death with a hammer during a family argument Monday night and authorities said her uncle faces first-degree murder charges.

Authorities said Charles Samuel Giles, 45, made a statement saying they argued over money and that he became angry when Mrs. Juanita Wright, 30, called him names.

Giles said he threw the woman to the floor when she tried to flee the house and beat her with a hammer about the face and head.

VOTE WAS SPLIT

WASHINGTON UPI — Indiana's vote was split 4 to 4 Monday as the House passed the \$2.8 billion foreign aid appropriation bill.

Voting for the measure were Democrats John Brademas, Winfield Denton and Ray Madden and Republican leader Charles Halleck.

Voting against were E. Ross Adair, Donald Bruce, Richard Roudebush and Earl Wilson.

Republicans William Bray and Ralph Harvey and Democrat J. Edward Roush did not vote.
